**CITY COUNCIL
AGENDA BILL
AB 15-58**

Meeting Date: November 2, 2015

AGENDA ITEM INFORMATION		
SUBJECT: Resolution 2015-13 – Policies Regarding City Athletic Fields – Establishing Fee Waiver and Use Priorities	Originator:	
	Mayor	
	City Council	
	City Administrator	
	City Attorney	
	City Clerk	
	City Engineer	
	Community Development Director	GB
	Finance Director	
	Fire Chief	
	Police Chief	
	Streets/Parks/Drainage Supervisor	
COST: NA	Water/Wastewater Supervisor	
	Tourism & Events Coordinator	Ragan Myers
SUMMARY STATEMENT: Resolution 2015-13 formalizes as policy the City's practice to waive fees on City owned and/or managed athletic facilities. In addition, a second policy would clarify and prioritize use of City owned and/or managed athletic facilities as youth athletic facilities. These policies are required to receive funds from RCO under the Youth Athletic Facilities program for improvements to Stanley Field. Also, adopting these policies is good practice that would clarify for the public the City's intent these facilities be free for the public to use, and that youth athletics be prioritized at these facilities.		
RECOMMENDED ACTION: Adopt Resolution 2015-13		

CITY OF LONG BEACH

RESOLUTION NO. 2015-13

A RESOLUTION OF THE CITY OF LONG BEACH, WASHINGTON, WAIVING FEES FOR THE USE OF CITY OWNED AND/OR MANAGED ATHLETIC FACILITIES AND PRIORITIZING THE USE OF CITY OWNED AND/OR MANAGED ATHLETIC FACILITIES BY YOUTH.

WHEREAS, the City of Long Beach owns and/or manages athletic facilities, including softball and baseball fields, soccer fields, basketball courts, tennis courts, and a skateboard park; and

WHEREAS, the City wishes to make those recreation facilities, including athletic facilities, owned and/or managed by the City available to the public without charge; and

WHEREAS, the Long Beach City Council wishes to provide priority access to its athletic facilities for youth, and to the extent possible protect its facilities from overuse;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF LONG BEACH, WASHINGTON, that the Council does the following:

1. Adopts a waiver of all fees for use of recreational facilities, including athletic facilities, owned and/or managed by the City.
2. Adopts the following policy regarding the priority of uses for City owned and/or managed athletic facilities.

City of Long Beach Policy Regarding the Priority of Uses on City Owned and/or Managed Athletic Facilities.

Purpose: To establish guidelines for use and scheduling of outdoor athletic facilities.

Policy: The City will schedule athletic facilities in a manner that provides priority access for youth and, to the extent possible, protects these facilities from overuse. Historical use will be considered in establishing priorities; however, within the general age groups (child and adult), and within different sport seasons, the City will strive to achieve a reasonable amount of equity for gender, and some allowance for new field sports and/or organizations.

- 1) ***Competitive Youth Activities Use.*** The City commits to continuing its practice of prioritizing its athletic facilities for use by youth recreation organizations. Competitive youth play will take priority over other uses.
- 2) ***Who Can Use.*** The following, in preferred order:
 - 2.1) Ocean Beach School District Schools: physical education programs during normal school hours.

- 2.2) Ocean Beach School District Schools: programs other than physical education programs including league games and practices involving other than Ocean Beach School District teams.
 - 2.3) City sponsored or endorsed youth programs.
 - 2.4) Non-City sponsored or endorsed youth programs.
 - 2.5) City sponsored or endorsed adult programs.
 - 2.6) Non-City sponsored or endorsed adult programs.
 - 2.7) Recreational use by the general public.
- 3) ***Seasons, Days, and Hours.*** All seasons, field conditions permitting. Should conditions indicate it likely an athletic facility would be damaged by a proposed use, the City retains the right to refuse access. Under normal circumstances, City athletic facilities shall be open seven days per week, dawn until dusk, and shall be signed to indicate these hours.
- 4) ***Allowable Uses.*** Competitive sports, sports practice, recreational sports, non-sport recreation (picnicking, etc.).
- 5) ***Policy for Scheduling Competitive Youth Activities.*** First priority will be the historic use of a facility. Other youth competitive sports will be allowed as scheduling and field conditions dictate, but are not to be denied without good cause.
- 6) ***Non-Sport Use by the Community.*** It is the City's policy that outside of scheduled play City owned and/or managed athletic facilities are available for use by any member of or visitor to Long Beach. City athletic facilities will be signed to indicate that when competitive play or practices are not scheduled, the community at large is welcome to use these facilities.

Adopted and effective this 2nd day of November 2015.

Long Beach, Wa 98640

Dear Sirs;

I would like to donate 3 pieces of property I own to the City of Long Beach. They are lots 2, 3, and 4 on Pioneer Road and Washington Street. Hopefully the City will purchase the property of Lot 1 from the current owner, making a beautiful large area for public use. I have found that development of this property for single family homes for which it is zones is not affordable. I feel the best use would be as a park of your choice although I make no requirements that that's what it become.

Please consider accepting this proposal. If you have any questions please call me or email me.

Most sincerely,

Subject: Plan for lot on corner of Pioneer and Washington.

Mr. Glasson,

Thank you for meeting with my family last week to discuss the options for my parents lot. Their intent has always been to put their home there and that is still the goal. Their first choice would be to move forward with their home hooking directly up to the city sewer and electric as a single lot. If this option is not available/feasible they would be willing to accept \$40,000 for the property to cover the amount they paid for the lot and additional money that has been invested in it.

Please reply with verification that you received this letter and keep us informed of the city council's decision.

Thank you,

HP includes a full warranty for the first year that will cover all parts/labor (excludes consumables). If you'd like to continue to have coverage after the first year its \$950/annually.

Due to the fact that your usage is so low on this machine, I don't know that it's really going to make financial sense to continue the coverage.

Probably the best thing we can do is get together towards the end of the first year and look at the usage through the first year, compare that to any service related issues you may have had (which my guess will probably be zero), and make a decision from there on whether or not it makes sense to have full coverage on the machine for the second year and beyond.

Is there some kind of contract, similar to what we did with the copier?

Hi David,

As discussed, the new HP DesignJet would be \$9,189 and we would include:

- Set-up, delivery, installation and training
- A full backup set of high yield ink cartridges (black, cyan, magenta, yellow, photo black and gray)
- 2 – 500' paper rolls (36" and 24")

It also comes with a 1-year parts and service warranty.

If you end up wanting to trade-in the motherboard for the old plotter, you'd receive an additional \$1000 credit from HP. As of right now HP has that trade-in promotion expiring on 10/31. The likelihood of them continuing the promotion on to November is high, but I can't guarantee it.

Subject: Wide Format Printer Options
Attachments: HP Designjet T2500 - Product Spec Sheet.pdf

Hi David,

Attached is a spec sheet for the HP Designjet T2500 36-inch multifunction plotter. This looks to be your only option for a wide format printer that includes copy/print capabilities for under 10k.

I have my team looking to see if we have any "gently used" trade-in machines coming in, but they would all be larger laserjet engines originally costing anywhere from 20-40k. After they're fully refurbished, they typically end up being in the 10k range as well and would most likely be a lot more machine than what you need.

Please let me know if you think this HP would be a viable option. If so, I can go to work figuring out what rebates and incentives we currently have with HP to get the best possible price.

Thanks!

Mike

Dear Mike Kittzman,

Hi, I am working with Sue Smith for a memorial table to go on the boardwalk. She would like to go with a 8' wheelchair accessible, recycled plastic that would have a small plaque mounted on the frame in memory of her husband. I have attached the specs, a picture and color options above for your approval.

Recycled plastic would last for years with virtually no maintenance. It is generally cared for and cleaned with soap and warm water. For certain stains and additional cleaning power, a 1/3 bleach and 2/3 water solution can be used on the product without affecting the color. Also, a popular method of cleaning is a high pressure power wash. (Not to exceed 1,500 psi, which is the equivalent of a car wash.) The surface characteristics of the product may require the use of a soft bristle brush to get into the creases.

Please let me know if you need anything different for the council's approval or if this table is not acceptable so I can look for other choices.

Thank you and have a great day.

Council Report 10/19/2015 - Diversity by Councilmember Mark Perez

Handouts:

The Russian Pogrom Article

City of Astoria Resolution 10-02 Dated Feb 16, 2010

City of Warrenton Resolution 2293 Dated Mar 9, 2010

I watched a movie this weekend called Aftermath and learned a new word, P O G R O M, pronounced po gram.

A pogrom is a violent riot aimed at massacre or persecution of an ethnic or religious group. The word is also used to describe publicly sanctioned purgative attacks against ethnic or religious groups.

The Aftermath movie is about the Jedwabne pogrom, which was a massacre committed on July 10, 1941 that resulted in the death of at least 340 Polish Jews of all ages, locked in a barn and set on fire.

The Russian Pogrom article I've distributed describes the methods used to carry out a pogrom and its steps.

First, rumors and propaganda are spread

Then some squabble supplies the pretext

Windows are smashed to see if the authorities object, if not then

A mob breaks the furniture and scatters the feathers of the bedding, feathers were a sign of a family's wealth

Finally, when the lowest passions find themselves unrestrained, rape and murder follow.

But, from the very first pebble thrown to the last murder committed, all is absolutely under the control of the Government.

I'd like to commend Mayor Pro Tem Linhart for the proclamation. The third WHEREAS which reads in part "WHEREAS the City opposes systematic racism toward Indigenous Peoples of Long Beach or any people of any origin" really struck a cord with me.

For almost 4 years now I've been asking for a workshop on Diversity, hoping the result would be a simple 1 page proclamation or resolution like the cities of Astoria and Warrenton adopted in 2010. I've distributed copies of each resolution, they are titled, ESTABLISHING THE CITY _____ AS A WELCOMING COMMUNITY, WHERE EVERYONE FEELS VALUED, ACCEPTED, RESPECTED AND SAFE.

Now I'm not suggesting we've reached the level of a pogrom, but when people are devalued and marginalized, and especially when that comes from the government body, a proclamation like the one presented tonight or a resolution like the ones adopted by the cities of Astoria and Warrenton have a great impact and let's all residents and tourist know the City of Long Beach values their diversity.

Some say I have an agenda, I never thought of it in those terms, but I guess I do and that is to establish the City of Long Beach as a welcoming community, where everyone feels valued, accepted, respected and safe. So look over the article and resolutions and hopefully we can have that diversity workshop.

THE RUSSIAN "POGROM."

(FROM OUR RUSSIAN CORRESPONDENTS.)

It is perhaps because the word pogrom is not understood in Western Europe that the occurrences at Kishineff and Gomel were described as massacres. There is an important distinction, for the pogrom is a national institution, and it was not a massacre in the ordinary sense of the term, but a pogrom that took place in these towns. The word *grom* means thunder, and the word *pogrom* implies a desire to shatter or destroy as a thunderstorm destroys. A mob assembled for purposes of devastation does not, however, constitute a pogrom unless it follows certain well-established and characteristic rules. Thus, until now, pogroms have only been directed against Jews, though the system could be extended to other sections of the population. The pogrom was first instituted after the assassination of Alexander II., in 1881, when anti-Semitism and reaction flourished under General Ignatieff. The pogrom was encouraged as a means of terrorizing the Jews.

The method is as follows:—First there is a period of incubation. Hints are received "from above" by the local police that it would be well to give the Jews a lesson. It will then so happen that some three or four months before Easter a propaganda is commenced in dram shops, cheap restaurants and other places of popular resort. Rumours are circulated that the Jews are exploiting the people, that they are enriching themselves, that they have killed for ritual purposes a Christian child. Then, when Easter comes, the smallest incident suffices for a pogrom. At Kishineff it was a squabble with a Jew who was managing a merry-go-round; at Gomel it was a dispute with a woman selling herrings. The first manifestation of a pogrom is made by small boys. They march round the town shouting, throwing stones, and smashing the windows of houses inhabited by Jews. If the pogrom has commenced spontaneously or its occurrence is not considered desirable by the authorities, the police arrest some of the small boys, give them a flogging in a public square, and throw the matter aside. But if on the morrow it is ascertained that no boys have been flogged, a mob of adults gathers and matters become more serious. The houses of the Jews are entered, though, as a rule, no one is hurt, and only the furniture is smashed. But, above all, the great feature of a pogrom is the bringing of bedding to the windows and discharging the feathers into the street below. The Jews are very great consumers of poultry and they carefully keep the feathers. Their feather beds become a mark of social distinction and indicate the wealth of the family. To slit open a feather quilt cuts at once at the pride and purse of the Jew. The scattering of the feathers also greatly amuses the crowd, and it is considered fine sport. The police stand aside, only interfering should the Jews resist; then they separate the contending parties.

On the morning of the third day the Governor or the local authorities issue proclamations, professing to be very grieved at what has occurred and forbidding the people to assemble in the streets. Perhaps two or three wajiks are arrested and publicly flogged. Here the pogrom generally terminates, and such pogroms have now taken place off and on for more than 25 years, so that they fail to cause any particular concern unless they are allowed to continue for the third day. By that time the criminal instincts of the crowd have developed, and the professional criminal ceases to fear the police. Then it is that men are murdered and women violated. A pogrom is, therefore, a five-act drama. First there is the propaganda; secondly, some squabble that supplies the pretext; thirdly, little boys go forth to see if the authorities are willing, and if they are not punished for smashing the windows then the fourth act begins and the mob breaks the furniture and scatters the feathers of the bedding. Finally, at the fifth act, the lowest passions finding themselves unrestrained, rape and murder terminate the drama. But from the very first pebble thrown by a small boy to the last murder committed, all is absolutely under the control of the Government.
